W5554 Mutzy Way
Appleton, WI 54915
(920) 450-5667

EDUCATION

University of Wisconsin-Platteville, Platteville, Wisconsin
Bachelor of Science, Computer Science, 2016
GPA: 3.046
Course Highlights: Learned to create programs with languages including C, C++, Java, C#, Visual Basic, as well as others. Organized projects using Agile, XP, Waterfall, and Spiral software development models. Created programs and documentation from based on requirements both collaboratively and independently.
Senior Seminar: Created a presentation and research paper on digital steganography. Explored what digital steganography is, how it's used, how to implement it, as well as the methods of detecting it. Taught colleagues about digital steganography in a 40-minute presentation in April 2016.

EMPLOYMENT

Stevi B's Pizza Buffet, Appleton, Wisconsin
Greeter, Cashier, 2011 – 2015
Managed the food being served on the buffet and being brought to customers. Ensured the quality of the food customers received. Took customers' requests and handled them efficiently. Promoted limited time offers and other specials.

COMMUNITY AND VOLUNTEER ACTIVITIES

GameShock.net, Online
Software Developer, 2016
Collaborated to design and create administration tools for the GameShock community.

Hope Chapel VBS, Fort Bliss, Texas
Crafts Teacher, 2009 – 2011
Taught children to create several art crafts as part of Hope Chapel's vacation bible school.
